PREFACE

Dr. N. C. Patel
Hon'ble Vice Chancellor

I am indeed happy that the College of Agricultural Engineering and Technology(CAET), AAU, Godhra in its forward march of progress has completed 10 years. It is a matter of pride that our college has bagged several achievements over the years. Today we have imprinted out a position as an icon of higher learning with national outlook and outreach. Our Alumni spread distant and have always been the partners in progress of the college.

It is so thoughtful of the Agricultural Engineering Alumni Association, CAET, Godhra to have come forward to celebrate the First Alumni Meet in a great way this year. We have imagined the association as the newscaster of development. We are happy that the Agricultural Engineering Alumni Association established to fulfill the long felt need of the alumni for a forum is doing excellent work in accelerating a membership drive of action. The initiatives planned will definitely contemplate the association lay a road map for the sustenance and promotion of academic excellence in the college. In this connection, I should make a special mention of the contributions of the alumni who have been in forefront in galvanizing the alumni movement. I should also record my appreciation for the enthusiastic support received from student representatives of the alumni. They played a prominent role in enlisting the alumni support for the cause of strengthening the alma mater. This souvenir had been conceived as a befitting tribute of the alumni to mark the occasion of Alumni Meet celebrations. Celebrations profile the growth and development of the college and carry the messages, reminiscences and reflections of the distinguished alumni. It bears the imprint of initiative, hard work and commitment of members of the Alumni Association. I welcome all the members of Alumni Association on behalf of the CAET, Godhra to join us in the festivities of Alumni Meet celebrations at our campus.

A handwritten signature in blue ink that reads "N. Patel". The signature is written in a cursive style and is positioned above the printed name.

Dr. N. C. Patel
Hon'ble Vice Chancellor

PATRONS FOREWORD

**Dr.R.Subbaiah,
Principal and Dean**

I am extremely pleased to see this much awaited first edition of souvenir from the Agricultural Engineering Alumni Association, Godhra. I really cherish this opportunity with our beloved alumni. We the team of CAET-Agricultural Engineering Alumni Association will be very pleased if we were able to achieve that with a certain degree of completeness. We are proud of our successes and ventures, but we still have a long way to go. The College of Agricultural Engineering has committed to being the right and best place for students, staff and faculty. This is imperative to the future prosperity of our college and province, and is a significant responsibility that the college takes very seriously. The college recognize the critical role we play in creating an environment where all students and stakeholders feel welcome to pursue their dreams and ambitions. What our college has, and what society needs, is this diverse intermingling of languages, voices, ideas technologies and perspectives.

Our alumni community plays a vital role in helping ideas grow into novels, computer applications, smart materials and technologies for climate, water and energy smart agriculture. Meaningful philanthropy and mentorships with alumni allow our undergraduate and graduate students to work with emerging technology and create curiosity-driven knowledge and research—to stimulate and form new perspectives and ideas that are truly shaping the world.

I appreciate all the people meticulously worked behind release of this souvenir will be as cherished and enjoyed by the alumni community as much as we enjoyed compiling it. Set apart some time out of your busy schedule so that we can get in to an active and fruitful dialogue regarding future plans. We solicit your well-considered suggestions for common good.

Let us all interact, come together and act to make the upcoming Alumni meet on 3rd August 2018 the biggest and the most remembered of this season.

Wishing you a happy reading time.

**Dr. R. Subbaiah
Principal and Dean**

PRESIDENTS MESSAGE

Dr.Navneet Kumar
Assoc. Professor and Head
PFE Dept.

It is a great honour and pleasure for me personally, and for all of us at CAET, Godhra to welcome you for joining Alumni Association of College of Agricultural Engineering and Technology, Anand Agricultural University, Godhra, where all alumni spent 4 to 6 years of your life, I should say, the best part of your life and which, I believe, still occupies an important place in your mind. This humble attempt for a reunion of students is meant to offer you a chance to meet friends with whom you spent many years together. I warmly welcome you to join first celebration of alumni meet. The day will truly be a homecoming day for you. I hope you will have a wonderful day away from your workplaces, and have a delightful day in green beautiful landscape of your own dear campus. The College was established 2008 and so completed its 10 years in 2019 successfully having glorious alumni. As we all know, a strong alumni association is a great strength and support for a college in many ways. That is why most colleges have their alumni associations. Though a late beginning, I hope, from now on we can work together to make our college a better place of learning and socializing, keeping up with the changing needs of the time. The initiation of the Alumni Association was taken up in November 2016. I am pleased to inform that Alumni Association was registered in the Panchmahal successfully during 2017 and is now fully functional with current account in nationalized bank. More than 200 alumni including founder members have been registered with us so far and more number are expected to join the hands in alumni meet. It remains now for me to express my thanks to you all, our alumni, for responding to our call for this reunion.

I express my gratitude to our Honourable Vice Chancellor Dr. N. C. Patel for granting permission for starting the Association. I am thankful to Dr. R. Subbaiah, Principal and Dean of the college, who took initiative and always showed his keen interest in the activities of the alumni association. I would also like to mention, I am grateful to those alumni who have been working hard for the last few months to make various activities of association functional and organizing alumni meet. I am thankful to my colleagues, the members of the organizing committee and students of CAET, Godhra for being part of it. I also wish you all the very best in your life.

Dr.Navneet Kumar

ACKNOWLEDGEMENT

Er. K. R. Jethva
Secretary

'College Period is a Golden Period'. Everyone has a great importance and remembrance of this time in his life. Lovely time of our life never return but the lovely and missing memories will always stay in our heart forever. It was a very special moment of my life when I have been given an opportunity to act as Secretary of this Alumni Association. As Secretary of the Alumni Association, I consider it an honor to welcome you all to this association. It is indeed my earnest desire to bring the alumni closer through this medium, and I truly believe this association will reconnect all of us.

Since the formation of Agricultural Engineering Alumni Association, Godhra (AEAAG) in 2016, it has provided a strong platform to have liaison between the alumni and the college. The AEAAG has started initiative to reduce the distance between the alumni of this college, by bringing them together through organizing the 1st convention this year. It will also create a warm atmosphere for the all alumni members to grow together by way of transmitting and sharing their ideas, thoughts, knowledge and professional experience with each other.

We, as the alumni, are the foremost brand ambassadors and can play a vital role in the development of our Agricultural Engineering profession with our ideas and suggestions. We wish to nurture a rich culture among the alumni which leads to building a strong and connected alumni network.

The objective of AEAAG is to connect and establish a wide network among all the alumni. The Alumni Association could contribute in multiple ways. Firstly, we can contribute to our Agricultural Engineering profession through our expertise and experience. Secondly, we can connect with each other and think of how we can give back to our community. Besides these, industry-institute interactions like seminars, lectures and other initiatives would help the student community gain exposure and build successful careers.

On this occasion, we extend our deep sense of gratitude to Hon'ble Vice Chancellor of Anand Agricultural University, Dr. N. C Patel, who is pioneer in the formation of this association. We express our hearty thanks to the Principal & Dean of CAET and Patron of AEAAG, Dr. R. Subbaiah for his constant motivation, guidance and untiring effort to hold such a memorable event. It was a good experience to work with Dr. Navneet Kumar, leading this association by playing an active and dynamic role of President since its inception. We are very much thankful to Dr. D. K. Vyas (Vice President),

Dr. K. L. Dabhi (Liasioning Secretary), Er. J. Sravan Kumar (Publication Secretary), Dr. R. Swarnakar, Dr. Pankaj Gupta, Dr. Mukesh Tiwari, Dr. Kapil Mandloi and all other members of this executive committee of Alumni Association of this college.

We feel obliged to all the members of Executive committee of AEAAG, CAET faculty members/staffs and all the alumni for their genuine support to us during the period 2016-2019. We are deeply thankful to all the conveners and members of all the committees formed to executive different activities of this association.

I am sure our interns would bring laurels to the Institution and become brand builders for the Institute. I would be looking forward to your suggestions to make our community vibrant, informative and highly interactive. We are together embarking on a journey that would benefit the Alumni, the Institute, and society at large.

K. R. Jethva

COLLEGE OF AGRICULTURAL ENGINEERING AND TECHNOLOGY, GODHRA

The Government of Gujarat established the College of Agricultural Engineering and Technology(CAET) under Vanbandhu Kalyan Yojana in the tribal area at Godhra on 9th May, 2008 under the shade of Anand Agricultural University. The College foundation stone was laid by the Then Hon Cheif Minsiter and present Prime Minsiter of the Country Sri Narendrabhai Modi.

CAET,Godhra is completing its decade of imparting top notch education in Agricultural Engineering and contributing extremely competent technocrats to the world of Agriculture. It is but natural that, the entire fraternity of CAET, Godhra looks forward to celebrate this grand occasion in befitting manner by organizing various events on the Alumni Day-3rd August 2019

The Tin Jubilee year had a scintillating start with the students bagging Gold Medals in athletics' and other sports competitions during the intercollegiate competitions. The Official website of the Alumni Association was launched in full fanfare by the Principal and Dean, Dr R.Subbaiah. With various events lined up and promising initiatives such as the Alumni meet etc the tin jubilee year promises to be a milestone in the era of our College. Its imperative that we all hear the call of our alma mater ,do our bit and use this occasion to relive those days of nostalgia and everlasting memories

Memoirs of the Alumni...2018

For me, hostel was a home, far from home. I have learned many things from time, situations and importance of work. It was so funny that we were playing leading role for own film but directed by Hostel Rectors'. Each pillow of my hostel knows many stories. We celebrate each special occasion with our Rectors' and students and have lots of fun. Our Rectors' do their all jobs like hostel is their own home which encourages us to explore something new.

Literally I can imagine those days when one couldn't even do their own work themselves but after having such Selective Student Representatives and their head that fellow is ready to challenge anything, anytime. Our SRC Chairman provided us that exact platform we were looking for. I'm very grateful to them and will always be for having faith in me and making me what I am today. In future, I'll always be there for any noble cause either of hostel or student's representative committee.

Thank you.

Mr. Jayraj Patel
SRC-General Secretary (2017-18)

Home is Where Your Story Begins...Life @CAET, Godhra ...

“CAET”, that is the name which brings lots of pleasant memories binds us together. Right from my joining in this college in 2011, I saw the baby steps, ups and downs and walking and running towards success. College days are unforgettable and in fact the happiest & fruitful days of life. Life is a journey and college life is the best part of it. There is no fun without challenges, hardship and tough times on the way. Tough time makes one a better person to face the next hurdle achieving the goals. Someday I won and someday I learned. Every mention of the college brings back to my memory the first day in the college, which are still afresh as if they happened just yesterday. I met different people, interaction with them, learned about their cultures and grow as a person. I can never forget the memories of annual days, fresher's party, farewell party, sports fest, day celebrations week, agri-Ganesh, hostel, mess, exams, lectures, canteen time, tour, trainings, etc.

The teachers were like a backbone for me, friends were the reason for my smile, seniors for their love, guidance, & friendship and juniors were like younger siblings. “Being a graduate is not enough to step into the new world. Assess your strengths and keep the avenues for higher studies always open to you”. These lines have always inspired me to do my higher studies. With the grace of God and blessings of CAET family, I am pursuing Ph.D.(IDE).

I saw the developments and growth of the college. Good infrastructure, like; classrooms, conference halls, computer & engineering laboratories, auditorium (the source of entertainment), sports and hostel facilities and library are primary requirement for creating excellent education and research environment for building appropriate educational culture and achieving all round excellence. I saw the campus being built, brick-by-brick - the auditorium, Dr APJAK Hall of resident, new dining hall, trainees hostel, etc.

Well, for outstation students, their hostel is supposed to be their home away from home. Hostlers learn about jugaads, independent, finance management and many more, but most importantly they learn about life.

The Students cooperative Mess: The first thing that comes to mind after hearing the word “hostel” is “the mess”. More than anything, at college life we learn to adjust with anyone and anything. As long as the perfume and deo cans are not empty, showers can wait. There is another point to make here; by avoiding shower we are saving water! Going green I must say! Not all are same but true for many of the students, when it comes to exams and assignments, there is never a better time to prepare than the last day! Even if they have weeks to prepare for them, will leave them to the last few days. Seems like it is an unwritten law!

In our Indian Philosophy man is born to repay his debts. The debt is towards the parents, teachers, and God in the form of society who have nurtured us. No institution is made only from bricks and mortars. It is always a living organization and hence requires proper care and nourishment. So we must listen to the call of our CAET Godhra. I sincerely hope that our college will grow & bring many laurels in the time to come. I am proud to be a CAETian... Thanks to all the staff members and friends who are still in touch and long live our friendship!

-Er. Devraj Thakor (B.Tech. 2015, M.Tech. 2018)

Relive in our Memories Till We Breathe...

“College Life is that Part of our Life Which are Relive in our Memories Till We Breathe”

Those days which were unforgettable in our life during 2012-2016 when we were together in the college and feeling like home. College life was enjoyed much more with entertainment and new things which we were never learned if we not far away from home. In this college we met as a friends initially but after somedays close relationships were established in between us and we felt like own brothers in short time.

We didn't get sleep because of the examination of Mathematics, Chemistry, Environmental Science and English subjects. But those sleepless nights are the sweet memories left with us. It was very pleasant to listen to the statements from friends like “Don't Worry Bro if you Didn't Clear This Subject Then We Will Be Studied it Together Next Time”, the love behind of these words is very clear that we will stay together even we get failure.

For the hostel life we will pin a quote “Hostel is Like a Beautiful Home Far Away from the Real Home”. We will never forget the help of rectors and assistant rectors who were like surrogate parents and helped us in many tough times. We never realize that we are not in family because CAET staff and students themselves fulfill these requirements.

We highly thankful to our teachers and seniors for their valuable contribution towards to build up a strong foundation of this college. Because of their contribution till date, we are on progressive path. Our sincere gratitude always remains towards them. Even today at every foot step their helps and suggestions are very helpful in our life like “Nothing is an Impossible in Life” and “Never Give up” and “Make Clean and Green”.

Today our college is most representative sample in the university for fast campus development within short time and to achieve higher ranks in cultural programs and games by our students and noise made by the students cheering... “Godhra...Godhra...Godhra” which represent that Godhra college students are very initiative for their growth in any condition and never give up. Now a days students are highly interested in competitive examinations and so many students got success in their goals, so we may say that we are “Heroes from Zeroes”.

Lots of memories with teachers, seniors and juniors were coming back like silent cat when we were leaving the college after completion of graduation. At the end, the college memories were turned into tears. Finally, things end but memories lasts forever.

--Mr.Balas Duda(B.Tech. 2016, M.Tech. 2018)

CAET,Godhra is CAET,Godhra... We were like...wow...!

Recently, I had completed B.Tech from this college, so completing four years from this beautiful place, I will share my experiences which may help the freshers after joining this institute. Environment here in this college is very good and one can enjoy this peaceful campus with full of greenery which gives pleasure and good health. Coming to the faculty, they are really passionate towards teaching. Faculty are highly reputed institutes of the country, therefore, one can get opportunity to learn the things with ease of learning. Their behavior with the students was like, on one hand they are teachers and on the other hand, they were like surrogate parents. I had a great time with faculty.

If one is interested in doing anything new, one can initiate in his own way and can ask for teachers help and for sure they will help.

Placements too in this college were good, I got placed in Mahindra Tractors with the package of 4.2 Lacs per anum. Students can grab ample opportunities in the campus as per their talents and interest. Coming to extra curricular activities, from Freshers to Farewell parties...one get opportunity to perform and show case their talent. I was the General Secretary for sometime of students representative council(SRC) and learned a lot during that time.

About hostel facilities and infrastructure, it was really unexpected exposure in hostel. Hostels are really well maintained and clean. We were like...wow...!

The students cooperative mess is really hygiene and the food is also very delicious.

Hostels, both boys and girls in the campus and all residents in them are in safe and secure zone.

At last, CAET,Godhra is CAET,Godhra... One will miss this place once the graduation completes as I'm missing it now.

- Mr.Ramani Uttam (B.Tech. 2019)
