“Nobody is bothered about an institution more than its alumni” – N. R. Narayana Murthy.

I am delighted to know that the College of Agricultural Engineering and Technology, a constituent college of Anand Agricultural University is organising its Second Alumni Convention on 17<sup>th</sup> October 2022. The college has been vigorously giving its budding talents a new pattern attitude in order to make them capable of facing real-world challenges and I hope this souvenir proves to create a dynamic bond between the college and the alumni. Anand Agricultural University has a rich treasure in the alumni and the alumni of this college also add a great number of such gemstones into the treasure box. It is very soothing to know that our alumni have excelled in every sphere of life and apart from being responsible citizens they are holding high positions across the globe.

Gratitude towards the alma mater in nostalgia for the bygone days is the subtle and invisible ties that always keep an alumnus connected to the institution which educates them. The alumni association of the College of Agricultural Engineering & Technology, Anand Agricultural University intends to offer a platform, physical as well as virtual, for the alumni of all identities, backgrounds and experiences across the globe to reach out to and build bonds with the campus community of our institution to create a deep sense of belonging to the college. We are hopeful that our ever-growing family of alumni will use the diverse experiences and ideas to effect change from inside and outside the education system. The university is extremely proud of its alumni and I wish them and their families a bright, happy and healthy future ahead.

It is surely a matter of pride that the College of Agricultural Engineering and Technology, Anand Agricultural University, Godhra has completed its 14 years journey. It is also a matter of pride that the college has bagged many achievements over the years and is still thriving towards more and more such achievements. Also, to know that the alumni spread all over the world are partnering in the progress of the college, brings satisfaction.

The memories of the days spent in the company of most beloved friends permanently keep the alumni attached to the institution. The convention of Alumni Association of the College of Agricultural Engineering & Technology, AAU, Godhra is one such opportunity for all the alumni to reach out to and be attached with the campus community. Sharing stories and updates about the life and accomplishment of proud alumni will surely help the present students and guide them in their future endeavours. Further, the way the alumni are staying engaged with the alma matter will help to create a thriving community that will forge connections between our alumni and our present generation of students. We look forward to harnessing the power of our alumni network with the aim of mentorship, guidance and support to the upcoming generation of students who seek to make this institution that academic anchor. I welcome all the alumni once again to the college and wish them huge success in life.

It is surely a matter of pride that the College of Agricultural Engineering and Technology is going to organize its 2<sup>nd</sup> Alumni Convention and being an alumnus of the college, I'm eagerly looking forward to meeting all the alumni members. The college, indeed, is growing year after year and so is the list of its alumni members. It is very soothing to know the institute where we studied is growing and achieving milestones after milestones.

I wish a very grand success to the upcoming convention and all the organizers. I know they have been taking a lot of effort to make this one a success and make all the alumni proud of their institute. At the same time, the alumni have been very actively participating in the development activities of the college is a cherry on the top, as the expertise gained by the Alumni in their professional life, will help the present students in better planning, aligning their future goals and in turn helping the college as well. It is also noteworthy that the college is also taking pain in sculpting the present generation of students by learning from the past, inviting alumni for the talks and guiding present students for their future, in terms of being an entrepreneur, getting good jobs, cracking competitive examinations, and planning for the further academic journey. I am also aware that the college Alumni are always coming together for common causes and without hesitation provide all their support.

I also urge the dear students, who passed out of this institution, to realize their responsibility of building a society where all can live together in peace and harmony and work for carrying forward the values and culture of our great motherland 'BHARAT"

I extend my warm greetings and felicitations to all those associated with the College and with good luck for many more such milestones to celebrate in the years to come.

“The future belongs to those who believe in the beauty of their dreams.”, this line of Eleanor Roosevelt is very apt for the College of Agricultural Engineering and Technology, Anand Agricultural University, Godhra. A dream came to reality in the year 2008 and is currently enjoying its very best time. The college is taking care of its alumni and the alumni are taking care of their alma mater, perfectly depicting the world how it should be. Being a Director of Students' Welfare, I know that the college is constantly organizing various programmes for the overall development of the students and the cherry on the cake is the participation of its alumni in those programmes to guide, to offer a hand and to push present students towards a beautiful future. I congratulate the college for organizing an alumni convention and wish a huge success for the same. I truly wish that this souvenir fulfils its purpose to serve as a reminder of a person, place, or event and that all the alumni get to know each other very well. Alumni are the torch bearer for the coming generations of students and the alumni of the college are playing the role very well. I am sure the interaction of the students and alumni will help the current students a lot in getting to know the college and the course and the old memories will take the alumni down to a sweet nostalgic memory lane. I'm sure the upcoming meet will be immensely profiting all and a huge success. I wish the very best of the world to the alumni, current students, and the college.

It surely brings immense joy and satisfaction to know that the college has completed 14 years and is now thriving towards excellence in the field. During the course, the college has bagged many achievements and many more are yet to be bagged. The college has now a wonderful green campus with most of the facilities, at par with many reputed institutes of the nation. But the alumni of an institute are the one that bring a smile on the face and compel to look back in the days spent together. It is such a pride to know that this ever growing treasure of alumni is now spreading its span and has reached to almost all the corners of the world.

The college is going to host 2<sup>nd</sup> Alumni meet on 17<sup>th</sup> October, 2022. This is very important as it provides an opportunity for everyone to meet each other after so many years. It also provides a chance for every graduate from the previous years to meet their teachers and other staff members. It also helps the alumni to notice the various changes through which the college has gone through over the past few years. This alumni have been always participating with the college and helping the present students and guiding them in their future endeavours. This is the bond and power of alumni network that is paving a wonderful way for the future students of this college. Our students continue to excel from day to day, and this is as a result of our dedicated and determined staff and supporters. I would like to appreciate all the effort that is done by our alumni for the development of our society and thank you for justifying the years spent by you at this institution. I wish a even more grand success for you all in the future.

I take this opportunity to welcome the alumnus of College of Agricultural Engineering & Technology and wish the best of good health and luck from the bottom of my heart. The dream and excitement to connect with fellow alumni is surely a cherished moment I look forward to. As an alumnus, I believe that we have lot to offer in terms of motivation, mentorship and the capability to suggest improvements to take our pride, achievements and the college with us to even greater boundaries.

To foster the sense of belongingness and support the forthcoming efforts of our esteemed alumnus, I feel privileged and thank the Principal & Dean, CAET, AAU, Godhra and Patron of AEAAG who provided me an energetic team and the opportunity to setup the Agricultural Engineering Alumni Association Godhra which shall not only serve as a platform to reconnect and relish the golden days of our college, but also shall be the pitchfork for our alumnus to make difference in and outside the college.

As the President of Agricultural Engineering Alumni Association Godhra, I believe that with your support and experience, we can connect our collective and diversified alumni settled in any part of the world to bring about the change in accord to the mission, vision and the faith to expand our horizon beyond boundaries. Given to understand that you are busy in reaching new goals, I am sure you shall join us in this journey of creating a difference and bring about the change to elevate yourself and Agricultural Engineering Alumni Association Godhra (AEAAG).

Agricultural Engineering Alumni Association, Godhra (AEAAG) having life memberships of more than 440, with their presence across the globe, maintaining a lifelong relation between the alumni and college. The aim of the AEAAG is to nurture strong bonds between alumni, students and the college, to keep alumni informed, and create a network enabling them to remain engaged with their alma-mater and help shape its future through the Association's programmes and services.

Executive council of 2019-22 team, invested best efforts in execution of a variety of activities like connecting alumni with the college through 2-Alumni Talks, 4 - Technical Talks from industries, 9 - Charity - Welfare - Social Responsibility activities. Alumni talks, charity/welfare activities like financial support to the financially poor students for purchase of books, creating sports facilities are new initiatives of the EC-2019-22.

It gave me immense joy and pleasure in the three years of journey with AEAAG as Secretary made me sensible and learn a lot, as the platform provided an opportunity to work for the students and the society. Alumni talks, financial support for book purchase, and books support to the reading hall of hostels are few programs are very close to my heart and which I enjoyed a deeper satisfaction in executing those. All these programs were happened possible only because of a strong support from the Alumni. Few alumni are like, they are a call away, we ask it, it will be done, and though I can't name each one of them, they deserve a tons of appreciation.

Though it's a budding association, with limited budget, strategically planned activities and budget for charity in such a way that, all kinds of them can be carried out in the best possible way and the result is in the form of receiving approval of 80G (provisional under 1961 Income tax act is a big achievement) for the association. At this juncture, I strongly urge the members of the association, to involve and extend their support in all ways to grow association strong.

I appreciate, all the alumni, industry & academia who are really concerned about this Second Alumni Convention - 2022 & in continuous touch with AEAAG team, extended their moral and financial support.

I congratulate the publication team, for such nice compilation and coming up in the form of Souvenir, a memory for the alma-matter.

I thank all EC-Team & faculty & student volunteers, for the support all these years.

At the end, my sincere thanks to Dr.D.K. Vyas, President & Dr. R. Subbaiah, Patron, AEAAG, for the trust they put on me and their strong support and guidance at all times.

I am feeling very proud and happy by handing over the Souvenir - 2022 of AEAAG to all respected and beloved alumni which will be published in 2<sup>nd</sup> Alumni Convention going to be held on 17<sup>th</sup> October, 2022. It contains information about technical and social activities conducted by AEAAG during EC-2019-2022. The content of the souvenir is enriched by adding the feedback from the Alumni about the college and the Association. It is made more informative and useful by providing information about life members of the Association.

I express my sincere gratitude towards our Dr. R. Subbaiah Sir, Principal and Dean of the college and Patron of AEAAG for giving me the chance to serve the Association as Joint Secretary (Publication) for the last three years. I extend my gratitude towards Dr. D. K. Vyas, President of AEAAG for keeping faith in me and providing guidance during the whole tenure. I am also thankful to Mrs. Hetal Tanna, Vice President AEAAG for providing all assistance during the EC period. I am thankful to Er. J. Sravankumar, Honorary Secretary for providing all information about activities of AEAAG and extending all his help in preparation of the manuscript. I extend my thanks to Dr. Pankaj Gupta, Head, FMPE Departments for allowing me to spare time for preparation of the souvenir. I express my kind regard to all other Heads of different Departments and members of the Executive committee for providing their support and all needed facilities.

One of the important tasks is done by the Registration Committee to collect feedback from students and collect the latest information of all alumni by taking continuous follow-up. So it is my duty to express my thanks to Dr. Pankaj Gupta, Convener of the committee, DR. K. L. Dabhi, member of the committee and Joint Secretary(Liaison) of AEAAG and Er. Sanjay Paragi, member of the committee.

I express my sincere thanks to Dr. Hardik Sharma and Er. Rajesh Godhani, members of the editing committee for their active role in compiling and editing the souvenir without them it is not possible for me alone to come up with the Souvenir.

We are thankful to all on campus students and all dear alumni for extending their all type of support for all activities performed during the tenure of the EC-2019-22.

## About 1<sup>st</sup> Convention of AEAAG

1<sup>st</sup> Convention of Agricultural Engineering Alumni Association Godhra was organized at College of Agricultural Engineering and Technology, AAU, Godhra on 3<sup>rd</sup> August 2019. Mr. Suraj Savaliya, Chairman and Managing Director, Patson Foods (India) Pvt. Limited was the Guest of Honor. The Welcome Dance was followed by the lamp lighting by the dignitaries. Dr. R. Subbaiah, Principal & Dean and Patron of AEAAG Godhra welcomed and introduced the Guest of Honor. In his Address, Dr. R. Subbaiah, wished his hearty gratitude to Mr. Suraj Savaliya, for accepting the invitation to the program as 'Guest of Honor'. After the floral welcome, AEAAG's first Souvenir with the details of alumni members was released by the dignitaries on the Dias. Patron presented the progress report of the college through PPT and highlighted the academic achievements of the students, selection of the students in JRF, GATE Examinations, remarkable placement of the students in different companies, research outcomes, extension activities carried by the college and medals and champion trophies won by the students at university and national level along with overall development in the infrastructure of the college to the alumni and guests. Pass-out batches of Alumni for the years 2012 and 2013 were felicitated by the AEAAG and Mr. Suraj Savaliya delivered his address and motivated the students and alumni. Also, the alumni interacted with each other and the students of CAET Godhra.

After the inaugural session, with a short lunch break, a General body meeting was organized and all executive members were present in the meeting with the following proceedings

- 1) An overview of the functioning of the association was presented by Dr. Navneet Kumar, President.
- 2) Progress Report of the association was presented by Er. K. R. Jethva, Honorary Secretary (AEAAG).
- 3) Financial and Audited accounts for the F.Y. 2017-18 and 2018-19 were presented by Er. Chirag Jadav, Treasurer.
- 4) The election of New members for the executive council for 2019-22 was done by the members of Alumni.

After a short tea break, Cultural programs were organized. All participants thoroughly enjoyed the cultural programs and acknowledged through their feedback about the wonderful arrangements made for alumni and were happy to see the pace at which is college developing. They also extended their promise that they would support the association in future too.

**Felicitation of Alumni 2012 and 2013 batches**

**General Body Meeting**

**Cultural Evening**

## Technical Activities for CAET Students

### (I) Seminar on “Education and Employment Opportunities (For Agriculture Sector)”

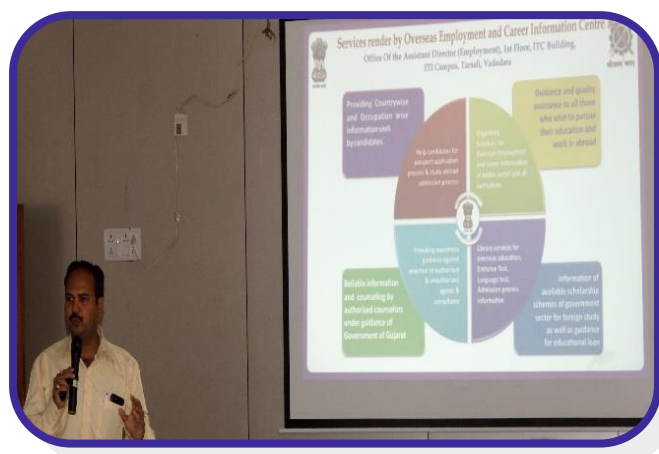

A program was conducted by the Directorate of Employment and Training, Gandhinagar (Overseas Employment & Career Information Centre, District Employment Exchange, Godhra) in association with Agricultural Engineering Alumni Association Godhra (AEAAG). A total of 100 participants including Under Graduate and Post Graduate students from College and the members of AEAAG participated in the seminar.

A seminar on “Education and Employment Opportunities (For Agriculture Sector)” has been organized jointly by AGRICULTURAL ENGINEERING ALUMNI ASSOCIATION GODHRA (AEAAG), College of Agricultural Engineering & Technology, Godhra and Directorate of Employment and Training, Gandhinagar on 05/12/2019.

The inaugural session of the seminar was presided by Dr. R. Subbaiah, Principal & Dean and Patron (AEAAG), College of Agricultural Engineering & Technology, Godhra and Shri. Sanjaybhai Purani and Shri Nishant Joshi, Overseas & Career Counsellor, Asst. Director, Vadodara. The program was initiated with the lighting of the lamp by delegates. Dr. R. Subbaiah, Principal & Dean of the C.A.E.T, Godhra welcomed the resource persons of the seminar Shri. Sanjaybhai Purani and Shri Nishant Joshi with a bouquet. A welcome speech was given by Dr. D.K. Vyas, President (AEAAG), College of Agricultural Engineering & Technology, AAU, Godhra. Shri. Sanjaybhai Purani briefed overview of an opportunity and employment in overseas for agricultural engineering. Dr.R. Subbaiah in his inaugural address highlighted the importance of Agricultural Engineering Alumni Association Godhra and the educational qualifications and employable skills that are required for grabbing any opportunity in general and for agricultural engineering in particular in India and overseas and future prospects through hard work. At the end of the inaugural session, Er. J. Sravan Kumar, Secretary (AEAAG), CAET, AAU, Godhra proposed a vote of thanks.

The seminar aimed to develop quality and industry employable human resources for a sustainable economic and social advancement of the country in the field of agricultural engineering.

At the end of the seminar, a valedictory session was organized with live interaction with experts of overseas employment and education training; where three students from undergraduate students gave their feedback and the facilitator also shared their experience.

## **(ii) Expert Lecture through a webcast on “Food Safety in Food Processing Industry”**

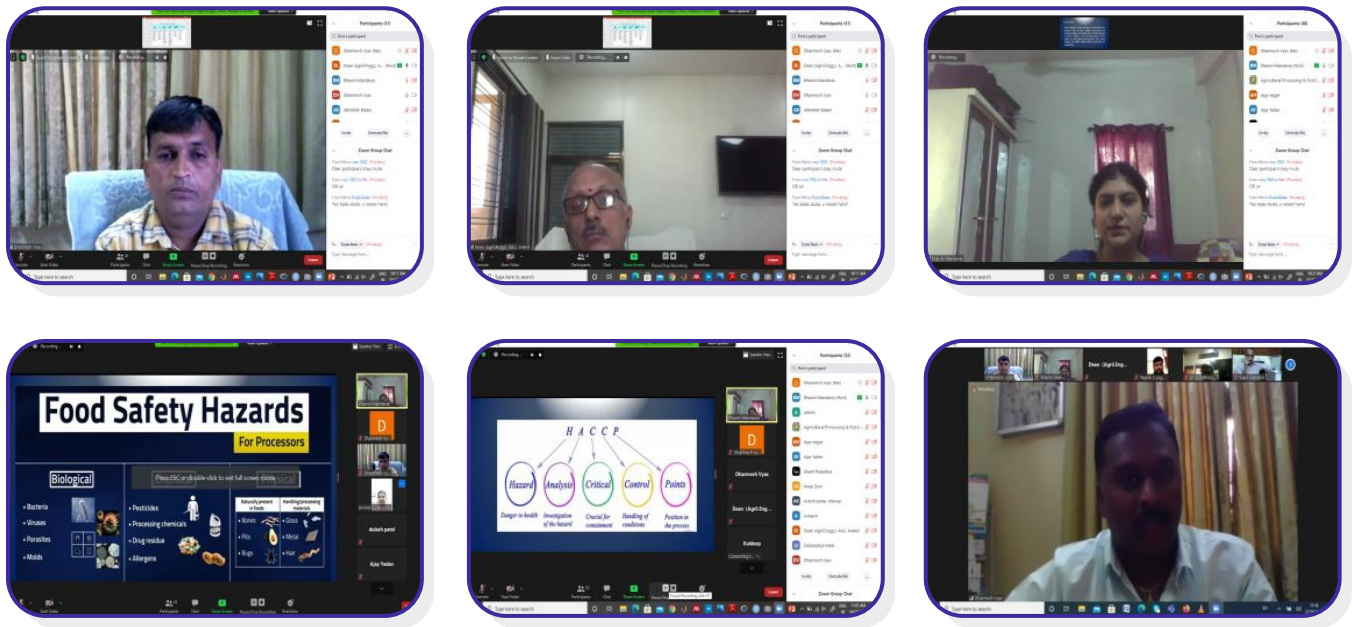

The Institute Industry Interaction Cell (IIIC) of the College of Agricultural Engineering and Technology Godhra & Agricultural Engineering Alumni Association Godhra (AEAAG) jointly organized an expert lecture and interactive session with Ms. Bhavini Mandaviya, Manager, Quality Assurance (Research and Development), Vadilal Industries Limited, Surat on the theme “**Food Safety in Food Processing Industry**” on 27/10/2020 through webcast. A total of 50 alumni, faculty and research scholars from AAU, JAU and other institutions joined.

The webcast started with a welcome address by President AEAAG and IIIC in charge Dr Dharmesh K Vyas. Dr. R.Subbaiah, Principal and Dean, CAET, Godhra briefed on the importance of Food Safety, present scenarios and policy interventions that are needed in the area of today's focus.

Ms. Bhavini Mandavia later took over the session and emphasized the role of food safety and its significance. She also highlighted the key functionalities of food safety and standard regulatory authorities in India and also briefed about the other country's regulatory authorities and their

functions. Emphasis on HACCP was one of the key take-home points of the session. Though the theme of the session was too broad, the efforts of the speaker were reflected in the quantum of information disseminated in such stipulated time.

Later the session was kept open for interaction followed by the vote of thanks proposed by Er. J. Sravankumar, Secretary, AEAAG.

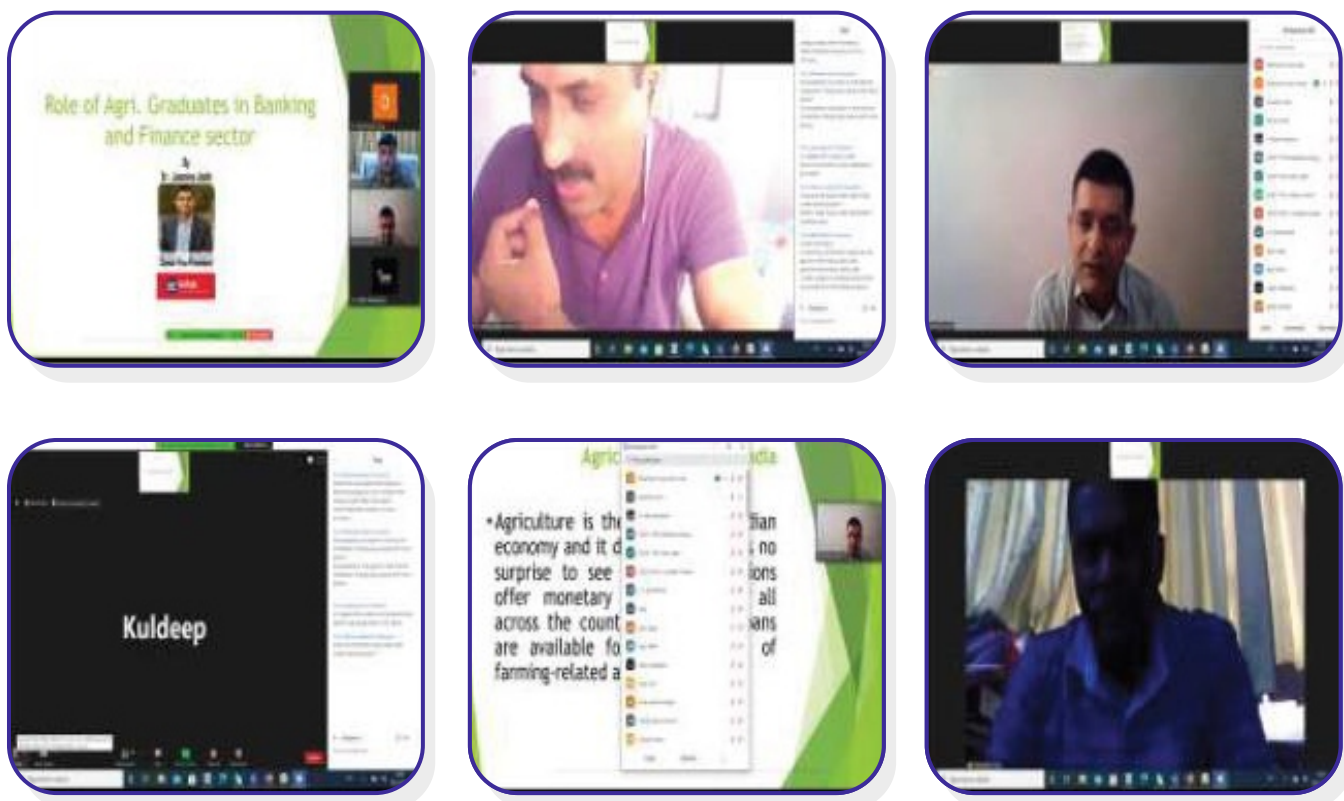

### **(iii) Webinar on “Role of Agriculture Graduates in Banking and Finance Sector”**

The Institute Industry Interaction Cell (IIC) of the College of Agricultural Engineering and Technology Godhra & Agricultural Engineering Alumni Association Godhra (AEAAG) jointly organized a webinar and interactive session with Er. Jasmine Joshi, Senior Vice President, Kotak Mahindra Bank Ltd. on “Role of Agriculture Graduates in Banking and Finance Sector” on 1<sup>st</sup> November through webcast. A total of 90 alumni, faculty and research scholars from AAU and other institutions joined.

The webinar started with a welcome address by President AEAAG and IIC In charge Dr. Dharmesh K Vyas. Er. Jasmine Joshi with a vast experience of about 17 years in banking and finance, beautifully presented the current scenario of banking and finance, challenges to be addressed and key factors that are to be tackled in the days to come. Also, he highlighted the role of agriculture graduates in particular who can slog better than other faculties in bridging the gap between the banks and farmers. Clear thoughts and a pleasant presentation made every participant take home a point. The session was followed by 15-minute good interactive sessions wherein students, faculty and resource person exchanged their thoughts. Er. J. Sravankumar, Secretary, AEAAG presented feedback on behalf of the participants and ended the session by proposing a vote of thanks.

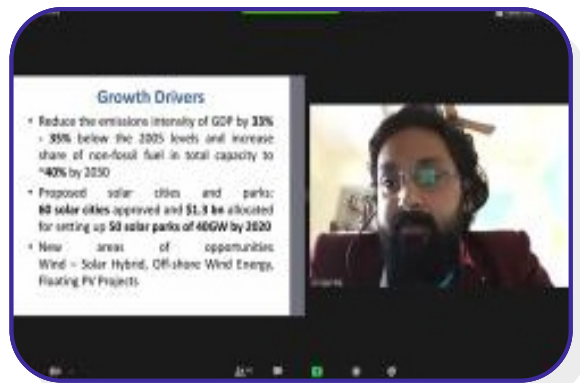

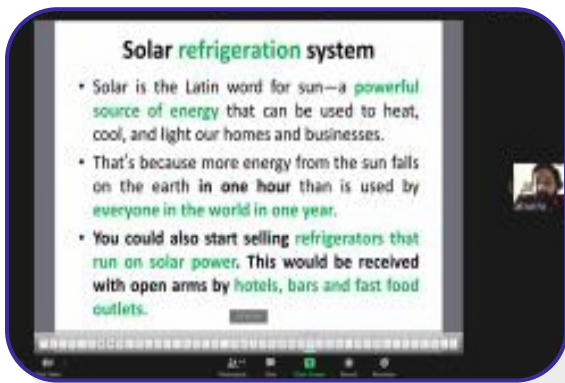

#### **(iv) Webinar on “Entrepreneurship in Renewable Energy Sector”.**

The Institute Industry Interaction Cell (IIIC) of the College of Agricultural Engineering and Technology Godhra & Agricultural Engineering Alumni Association Godhra (AEAAG) jointly organized a webinar and interactive session with Er. Jigar Raj, 4<sup>th</sup> Ved Group on “**Entrepreneurship in Renewable Energy Sector**” on 7<sup>th</sup> November 2020 through webcast @ 10.00 AM. A total of 65 alumni, faculty and research scholars from AAU and other institutions joined.

The webinar started with a welcome address by President AEAAG and IIIC in charge Dr. Dharmesh K Vyas, Associate professor and Head, Dept. of REE.

Er. Jigar Raj with a vast experience in the renewable energy sector presented the current scenario of scenario, challenges, scope and jobs and entrepreneurship opportunities in the renewable energy sector. Also, he highlighted the key role of agriculture engineers who can also grab different opportunities in this sector. Faculty from different institutes also interacted with the expert during the interaction session.

Er. J. Sravankumar, Secretary, AEAAG and Asst. Professor, Dept of BEAS presented the highlights of the session and concluded the session by proposing a vote of thanks.

### (v) Webinar on “Use of Technology to Organize used Tractors”

The Institute Industry Interaction Cell (IIIC) of the College of Agricultural Engineering and Technology Godhra & Agricultural Engineering Alumni Association Godhra (AEAAG) jointly organized a webinar and interactive session with Er. Sajith Abraham, Rural sales and finance professional on “Use of Technology to organize used Tractors” on 8<sup>th</sup> November 2020 through webcast @ 10.00 AM. A total of 70 alumni, faculty and research scholars from AAU and other institutions joined.

The webinar started with a welcome address by President AEAAG and IIIC In charge Dr. D. K. Vyas, Associate professor and Head, Dept. of REE.

Er. Sajith Abraham with a good experience in banking and finance started meratractor.com to organize the highly disorganized used tractor market through technological interventions and is very active in operations in Maharashtra and Madhya Pradesh. Through this journey, he shared his experiences and what skills to imbibe and challenges to face, enlightened students on how they can become a part of this technological transformation in used tractors organization also, and highlighted the entrepreneurship opportunities in the said field.

During the interactive session, the T & P officer of CAET, Godhra Dr. Mukesh Kumar Tiwari explored training and employment opportunities in meratractors.com for the students of CAET, Godhra. Students too interacted with the expert and cleared themselves for the questions in their minds.

### **(vi) Alumni Talks.....a journey from college to corporate**

ALUMNI TALKS are a significant talk series which gives students the opportunity to hear from their seniors about their journey and experiences from college to the corporate world. These talk series were started by Agricultural Engineering Alumni Association (AEAAG) for connecting the students on campus with Alumni. Under this talk series, T&P and IIIC in association with AEAAG organized two Alumni Talks.

The First Alumni talk was organized on 27<sup>th</sup> March 2021 from 03:00 onwards for 3<sup>rd</sup> and 5<sup>th</sup>-semester students of B.Tech Agricultural Engineering. Mr. Hardik Raulji (CAET Alumni: Life Member: LMS-PG-2014-0315) Manager, Growmax Agri. Equipments Limited., Gujarat was called upon to deliver a session on “Topic: Scope of MBA for Agricultural Engineers”.

The second Alumni talk was organized on 26<sup>th</sup> March 2022 from 09:30 onwards for 2<sup>nd</sup>, 6<sup>th</sup> and 8<sup>th</sup>-semester students of B.Tech Agricultural Engineering. Mr. Kuldip (CAET Alumni: Life Member: LMS-UG-2021-0244) currently pursuing MBA from the National Institute of Agricultural Marketing (NIAM), Jaipur was called upon to deliver a session on “Topic: Scope of MBA for Agricultural Engineers”.

Both the sessions started with the introductory remarks made by Dr.D.K. Vyas, President of, the Agricultural Engineering Alumni Association.

During the second Alumni Talk, Mr. Kuldip guided the students by sharing his experiences. He discussed various skills required to acquire a decent position in the fields of management and other

job opportunities. He discussed different competitive examinations to get admission in India and abroad. He also highlighted different tiers of institutes where the students can get admission.

It was an interactive session with a lot of enthusiasm shown by students. Er. J. Sravan Kumar, Training and Placement officer, CAET, Godhra collected feedback from the students and closed the session with a vote of thanks.

### (ii) Masks Distribution

Sensible to the society around it, Agricultural Engineering Alumni Association Godhra, act according to the need of the hour. Face Masks: one of the most primary essentials to protect oneself from COVID-19. Understanding the need of bringing awareness and the need of wearing AEAAG, organized an awareness program in the nearby village "Talaav Faliya, Chanchopa" and distributed around 500 masks among 100 families on 5<sup>th</sup> November 2020 following all COVID-19 guidelines. Dr.R.Subbaiah, Patron, Dr.D.K.Vyas, President, Dr.Pankaj Gupta, Professor, Er.Sravankumar, Secretary and Er. Chirag Jadav, Treasurer of AEAAG took part in this mask distribution and awareness program.

### **(iii) Spreading Warmth among the Less Privileged People**

As the winter chill turns harsh with each passing day, Agricultural Engineering Alumni Association Godhra spread warmth among the less privileged people of the society by carrying on a blanket distribution program in November 2020.

The objective of the initiative is to provide a shield to the less privileged from the winter. For this, the association visited an old age home near the moonlight petrol pump of Godhra and distributed blankets to the aged. A total of 15 blankets were distributed on 12<sup>th</sup> November 2020.

President of the association, Dr. D. K. Vyas said that various other social welfare activities are being planned and blanket distribution is the most sought-after initiative.

The purpose of distributing blankets to the needy spreads the message of sympathy, love and sacrifice to society and AEAAG feels the responsibility to society. Dr. R. Subbaiah, Patron, Dr. D. K. Vyas, President and Er. J. Sravankumar, Secretary of the association volunteered for this program.

#### **(iv) Blanket Distribution at Mama Fadke Ashram Shala, Godhra**

Care for the society gives an immense satisfaction and to make the currently engaged students of CAET, Godhra sensible to society and its care, AEAAG carried out a blanket and mufflers /winter caps distribution program in the month of 17/12/2021. The objective of the initiative is to provide a shield to the less privileged from the winter. For this, the association visited Mama Fadke Ashram Shala, Godhra and distributed blankets to residential school students. A total of 20 blankets and 20 mufflers were distributed on 17/12/2021. President of the association, Dr. D. K.Vyas said that various other social welfare activities are being planned and blanket as well mufflers/winter caps distribution is the most sought-after initiative. The purpose of distributing blankets as well as mufflers/ winter caps, the needy spreads the message of sympathy, love and sacrifice to society and AEAAG feels the responsibility of society. Dr. R.Subbaiah, Patron, Dr. D. K.Vyas, President, Er. J. Sravankumar, Secretary and Alumni's of AEAAG Association, Godhra on the association volunteered for this program.

#### **(v) Environment and Cleanliness Awareness Program and Activity**

As a part of “अमृत महोत्सव पर युवा संकल्प-श्रेष्ठ भारत के पांच प्रकल्प” through Environment, Cleanliness and Water Conservation Committee in association with Dept. of Renewable Energy Engineering, with an objective to bring awareness about the threats through the use of plastic to the environment, and to encourage the use of bio-degradable alternatives to the plastic, organized cleaning of the campus – plastic free campus event on 31/12/2021. Agricultural Engineering Alumni Association Godhra (AEAAG), distributed masks to the students for this event to ensure safety. Dr. D. K. Vyas, President, AEAAG, joined hands with students in making campus plastic free. He also, addressed students, in line with the objectives of the session.

### (vi) Stationary Distribution at Government Children's Home

Agricultural Engineering Alumni Association Godhra distributed stationery items like books, pencils, pens, drawing books etc. to poor children studying in Children's Home, Godhra on 24/02/2022.

### (vii) Blood Donation and Health Awareness Camp

As a part of Azadi ka Amrut Mahotsav, **Agricultural Engineering Alumni Association, Godhra (AEAAG)** in collaboration with the **Indian Red Cross Society, Godhra** organized "Voluntary Blood Donation Camp-2021" on 11<sup>th</sup> March 2022 at the College of Agricultural Engineering and Technology, Anand Agricultural University, Godhra. The programme was started with counselling by Dr. R. K. Chauhan (Retd. Medical Officer, IRCS, Godhra). He counselled the students on blood donation and also briefed the benefit of blood donation. After that, Mr. Chirag Jadav, Treasurer, AEAAG, motivated the students for blood donation and invited students to come up with ways AEAAG can do charitable activities. Dr. D.K.Vyas, President, AEAAG, informed students of the charity activities that are being carried out by AEAAG and encouraged students to join hands for more charity activities and oriented toward voluntary blood donation. A total of 37 members including faculty members also actively volunteered in this voluntary blood donation camp.

UG Students about  
College and 'AEAAG'

## My golden experiences at CAET Godhra

**Shradhdha Pandya**  
**LMS-UG-2012-0139**  
**Senior Scientific Assistance**  
**SPRERI, V.Vidhyanagar**

Hello Everyone

I am Shradhdha Pandya, going to share my wonderful and amazing experience during my graduation. In July 2008, the 4-year journey of B. Tech started. We were the first batch of Agricultural Engineering at Anand Agricultural University. In the beginning, the college started by using the facilities of the Main maize research centre located which is the one of oldest Research Station the University. In the first year, our classes started in Godowns of the Maize research station and we provided staff quarters as a Girl's hostel. Some of our classes were conducted at Science college and ITI Godhra. During this situation, we have mostly depended on Tiffin Services. On weekend, we only 3 girls were staying in the hostel and no entertainment facilities such as TV, indoor games etc. it is very difficult for us but there is one security Guard Mr. Nazirbhai entertained us with his dafali (Musical instrument), his motivation stories encourage us to survive in an uncomfortable condition. One of my hostel friends had CDM simple mobile phone with having radio facility and it can be connected to only one station "*Vividhbharati*". We all became happy and got fresh after college hours by listening to some songs. In the 1<sup>st</sup> semester, Mr. P. M. Patel Sir and Mrs. Hetal Tanna madam were looking after food and hostel facilities with the very limited resources which they had but with dedication and nicely.

In the winter season, water heater facilities were not available. So, we had boiled water with the help of a traditional type of cook stove. No any knows how to operate it. Our hostel maid helped us to collect wood and ignite the cook stove. After some time we learned how to operate it to boil water as well as sometimes we cooked maize roti, sabji and khichadi on it.

At the end of the 2<sup>nd</sup> year, we organized our 1<sup>st</sup> Annual function and during this function, Mr. Mandal Sir, Tanna Ma'am, Mr. Hardik Sir, Mr. Shalunkhe Sir and Mr. Dabhi Sir have given full support and inspiration to participate in multiple activities in sports and cultural activities by providing their full support and facilities which we needed. Through this function, we learnt teamwork, flexibility in every situation and the importance of cooperation. Up to 3<sup>rd</sup> year we, 5 girls had stayed in 2BHK quarter and learned to live together though we were all from different areas and social backgrounds. Also, we learned to stay in an undeveloped tribal rural area with very less facilities, and less comfort but close to nature. New college building construction work had started at the starting of 2<sup>nd</sup> year and in the mid of 3<sup>rd</sup> year, we had shifted to a new girl's hostel. It was a very happy moment for all when we shifted to New Girl's Hostel. The students started a cooperative mess under the able guidance of Mr. Salunkhe Sir, then Rector of Hostel.

Through this, we had learnt about social and financial management-related activities.

In the 3<sup>rd</sup> year and Final year, our batch conducted 7 days and 21 days of fantastic industrial tour with the help and guidance of faculties in south Gujarat and Maharashtra. In the final year, we all had done internships in Jain Irrigation System Pvt Ltd., Jalgaon. The company conducted campus interviews at our college. Our Principal and Professor gave us training about how to perform in our 1<sup>st</sup> interview. As a result, 70% of students were selected and got jobs. The remaining were interested in further study and joined various post Graduation Institutes.

Finally, I want to say that everything that happens for any reason is very true. During graduation, whatever I learned, has been very helpful to my continuous growth. In my current job profile, I am capable of managing the project and research work, and having the strength to face many challenges in my life is possible only because of my knowledge and experience gained at CAET, Godhra.

I am very much thankful to the Principal, all faculty members and my lovely friends of CAET, Godhra Family.

## Memories of CAET, forever and wherever..!

**Akhilkumar Bhut**  
**LMS-UG-2012-010**  
**Jr. Officer, GGRC, Vadodara**

I stepped into the college in the year 2008. When I got admission to the college, I had many doubts about how would be college life, teaching, campus and lots of things were running through my little mind. It was a completely new place for me.

Ours' batch was the first batch of the college so there were no seniors available to guide us from whom we can get an idea about college life and all other things. In the initial days of college, we faced numerous problems like hostel facility, food but much more due to the helping nature and parental care of our professors, we would not feel any stress or home sickness and we overcame all the problems. They were always available to us even after office hours and always supported us for everything even if it was not part of their official duty.

We all students came from different locations of the Gujarat state but we all always stayed together in all activities like playing, learning, and strolling in the city and consequently it turned into the best friendship among all. Hostel life taught us the real bonding of life and formulates the new

family which stays with us lifelong.

If I talk about academics, professors did not let us down. During the first year of the college, as I said it was the first batch of the college and there were limited facilities, it was obvious and understood that it was not possible for the college to provide recreation facilities. Sometimes, it was not possible to conduct the practicals of some subjects at college due to limited resources, in such a condition our professors conducted these practicals by using facilities of other institutes in Godhra. Amidst the struggle of all these things, the professors had not compromised in teaching, all lectures and practicals were conducted so regularly that sometimes we felt like we were in school.

All the Professors were sincerely involved in the development of the college building, Procurement of the furniture, lab instruments, equipment etc. In fact, I would say it was a new experience not only for students but also for all the professors and people who were directly or indirectly connected to the college. Through the hard work and strong belief of the professors and staff for the development of the college, College had been developing as our lives and we were the witnesses of the same. At this time, I feel happy to see that college is working full-fledged with B. Tech. M. Tech and PhD courses.

As a student of the First batch of the college, I can proudly say I am an Alumni of the CAET, Godhra and I would like to convey my heartfelt thanks to all the professors, who are continuously working for the betterment of the college.

## Amazing memories of CAET, Godhra...

**Ajay Paghadal**  
**LMS-UG-2012-0012**  
**Senior Research Associate JAU, Junagadh**

As we all know, the journey of the first batch started in the year 2008 with only a few faculties namely Dr. S. S. Kapdi (then Principal), Er. Vora, Mrs. Hetal Tanna Mandal, Dr. P. M. Patel and some other supporting staff with only one Classroom (allotted by Main Maize Research Station, Godhra), Rajput Samaj Chhtralaya, a college bus and 8022 Jeep. This was the beginning of a very beautiful journey for all who are attached to the same year (students as well as faculty) with our “CAET, AAU, Godhra Parivar.”

Later on, this *Parivar* became large enough to carry the responsibilities and to make a successful and huge CAET, Godhra campus. The main tagline introduced by Mr. P. M. Patel was “If you

want to live happily in Godhra, then it is mandatory to adopt the three things that are CHALSE, FAVSHE and DODSHE” which boosted the energy in each and every student in every situation. The Journey was full of joy, excitement, sorrow, adventures, gaming etc. for students, but on other hand, for faculties, this journey was too much hard because with the limited resources they all were doing their best to fulfil all the wishes of students like lodging, hostel related issues, library facility etc. Among the whole four-year sweet journey the most interesting or most discussable topic is Mess facility, if I am talking about only the first batch the students belong to different places of Gujarat state only, later on, due to very strong hard work of faculties the students joined from different states of the country. Coming to the point, each of the students wanted food/meal as per their own test. This was the biggest challenge ever for faculty, I think within a week or two three days the whole batch rejected the mess that time. As per me, we have rejected more than 10 to 15 cooks/Messes within a year. Again searching operation was started by our faculty for a new cook or mess and that search operation for cook or mess was completed in the last year of my college (i.e.2011-12) with the formation of Student Cooperative Mess. I would like to heartily thank all the teachers and staff in the institute who are still there and who were formerly working as well, for helping me adjust to every situation the whole time I was in college. The faculty are very supportive and encourage students to push boundaries to rise above expectations. I have seen so many times that our faculty members did the work like repairing the hostel water supply pump, installation of water purifiers in the boy's hostel etc. themselves and on the weekend holiday they visit personally each and every student of my batch and discuss the problems and try their best to resolve it. I think this was proof of the extreme care-taking nature of faculties toward the students.

On behalf of all my dear batch mates as well juniors, I am extremely thankful to all faculties of *CAET, Godhra Parivar*, Main Maize Research Station, Rajput Samaj Chtralaya, Kankanpur Instructional Farm and my dear batch mates for all the efforts put in by them, along with the perseverance and right moves have paid off finally. All my batch mates are doing well in their respective jobs which reflects the quality of the students, the institute has produced. At last, I want to congratulate all present faculties and students for the grand success of CAET, Godhra and wish you a very happy journey....to be continued

## Hardship of CAET, taught us a lot...

**Makadiya Kishakumar P.**  
**LMS-UG-2012-0144**  
**Area Manager**  
**Brenna Irrigation Pvt. Ltd.**

I should start to write from the first day of college. During the reshuffling round, I got admission to CAET Godhra. I had travelled to Godhra from my native place and landed at Godhra at 6:00 am. I contacted my friends Viral, Merja & Akhil who got admission before me and reached Rajput Samaj Hostel. By getting ready, we reached college by college bus.

I was so excited to join college and thought that there would be big infrastructures, big college & big Hostels but when I reached college, I saw a different scenario. There were only two-three small houses in the field and came to know that this was our college. Literally, I was very upset on the first day but after some days I realized that facilities didn't matter, the dedication of faculty, and regular classes matter more. We all were growing together in all manners. Some of our classes were taken at our college campus, some subjects have been taught at Polytechnic and some at Science College but the thing was that each and every topic of the syllabus had been taught to us by the faculty.

There were a lot of problems in the hostel due to the family functions of Rajput Samaj. Sometimes, we had to leave our rooms and had to migrate to one big hall for some days but we were united so we passed that time with entertainment. I remember those days; we dressed up nice and went to eat food at functions at Rajput Samaj sometimes. Hahaha, these were great times of college life.

I remember those days when the first annual function was held at our hostel (Rajput Samaj) and we made it a great success. The major role played by Mandal Sir, Tanna Ma'am and Hardik Sir to make it successful. After college hours, we played cricket, volleyball, kho-kho, badminton and chess at the Ground in front of Rajput Samaj Hostel.

In the beginning, we had faced many problems but the biggest problem was our mess food. We had changed six times our mess contractor but the problem remained the same. The problem was solved by starting "Student's Co-operative mess" in the new Hostel.

When we were in our third year, we shifted to staff quarters as our hostel, so we all were very excited and happy to shift on campus. Till we didn't have our college building; we had to attend our classes at Main Maize Research Station's Godown. After some days, we had our own college building then our classrooms were shifted to new buildings. Then we got our hostel building with all facilities

like TV, Solar heater, and water cooler. We had started our "Students co-operative mess".

After coming on campus, a major problem that we faced is frequent failure and fluctuation of electricity. Due to that, many times the water motor, and water cooler were not working properly, so we complained to our hostel Rector Mr. Salunkhe sir. Then he came with pliers and a tester and most of the time he solved it himself, no electrician required. This way we learnt from him that nothing is impossible, just try to do and make some efforts, and you would solve many problems.

Last but not least, our journey was a little harder but we enjoyed it fully where we stayed together with love, respect, care and *masti*, we never fell back in any situation, just there was a rise and growth.

## Feedback about CAET, Godhra

**BHANDERI HEPIN DINESHBHAI**  
**LMS-UG-2014-0027**  
**Area Manager,**  
**Bhumi Polymers,**  
**Veraval (Shaper), Gujarat.**

Date: 10/08/2022

Most humbly, my name is Hepin Bhanderi and I am a pass-out student of 2016 Batch (M.Tech – SWE) of reputed college i.e., CAET, AAU, Godhra.

I am glad to provide you my feedback about the college. My overall experience with collage is very good. I found very supportive environment during all college life, college gave me better opportunities to grow and explore my skills. I like the friendly atmosphere here and the fact the faculties are really close to the students. College faculty, lectures, campus, events everything was such a learning experience for me.

I am highly thankful to all faculty member of CAET for giving me opportunities for Educational & Personal development that you have provided me during my study. I have enjoyed studying under your guidance and appreciate the support provided me during my tenure with the college. It has added a number of values to my life.

Thanking you,

  
(Hepin D Bhanderi)

## An Agril. Engineer... in Food processing Industry..

**Sunilkumar Limbachiya**  
**LMS-UG-2015-0319**  
**Senior Executive- production**  
**Hyfun Foods**  
**(Asandas and Sons Private Limited)**

In 2015, I cleared my B. Tech. and started my journey from Parul University as a lecturer in Diploma Agricultural Engineering. After a few months, I got a new job in frozen food processing which was what I wanted from the start of my college education. There I got the initial position as a Production Trainee. In this role, I worked hard and smartly both as of my nature. After a few months, the superior authority of the company gave me good training regarding food safety standards, operations of Machines, processing of food as well as safety and management. Thereafter I got promoted to a Specialty operator and then Senior Process Operator before the completion of one year in the company. It was really surprising for me and that was the result of my dedication to my work...

After 1 year, again I was promoted to Process Operator, then Shift Executive Production. After completing 3 years, I was promoted as Shift Executive Production, then Senior Executive-Production. I am going to complete almost 5 years in the company and here I got good training regarding Food safety and standard, BRC Audit and Documentation, NPD, and Advance processing. Nowadays I am working and actively participating in new plant/projects of the company.

## Cool, clean and Comfortable CAET, Godhra

**Saurav Patel**  
**LMS-UG-2016-0148**  
**Sr. Officer, Sales and Marketing**  
**Netafim Irrigation India Pvt. Ltd.**

As per my opinion about CAET Godhra, all the classrooms, laboratories, and library are really spacious, well set with all types of modern and latest equipment and Instruments. Everything is neatly organized. The library is small but really amazing. All sorts of textbooks and reference books are available. The curriculum is up to the mark. The lectures are conducted by highly educated and

experienced professors. They have their own way of teaching. Academically CAET is really good. It offers the best course and provides us with very good resources related to teaching and research.

The college has a dedicated Placement and Training Cell through which the students get training and placements in tractors, farm machinery, Food processing and the Irrigation industry. The college has well-furnished and smart A. C. classrooms equipped with projectors, internet and integrated panel boards. The campus is really good with a lot of plantations and lawns, with fresh air and clean water. It has a huge playground with Kabbadi, kho-kho, Volleyball and cricket ground. It also has a Gym with all the required equipment. It also has a very big A.C. Auditorium for conducting all types of cultural events. Sufficient capacity hostels are there having all facilities and very neat and clean. The most likely thing about CAET is its Student's Cooperative mess where good quality food is always tempting your mouth.

Besides academics, under extracurricular activities, festivals like Ganesh Ustav, and Navratri (Sharad Punam) are celebrated with very joy and Damal -masti. Along with this, freshers party, Gurupurnima, Teacher's Day, Women's Day, Annual Function and Fare well party are celebrated as a part of SRC activities. Everything about CAET is really amazing. Be it the fests, Utsav, festivals, parties, or mess shift; everything leaves behind a wonderful memory.

## Feedback about CAET, Godhra

**Patel Naitikkumar Ashvinkumar**  
**LMS-UG-2016-0211**  
**Landscaping degree at Niagara College, Canada,**  
**Niagara Falls, Ontario, Canada**

One of the most interesting stages in life that gives you an opportunity to explore is the “college phase”. My experience at CAET has taught me one fundamental thing – life is unpredictable. It might be good, it might be bad, it might be weird, and it might not interest you, but expect anything to happen. It is a perfect blend of joy and hardships. You meet different people, you interact with them, you learn about their cultures and grow as a person.

Achievements-applauds, opportunities-thoughts, this is what I gained from CAET. CAET gave me a platform that I will cherish always. Someday I won and some days I learned. CAET always held

my back, from inspiring words of our Principal Sir to petty sweet scolding of our beloved teachers, my life in CAET was and will be the best experience. I can ever get from my life. This college let us fall by our own but made us climb on the ladder to success.

Whenever I remember my College days, I get tears in my eyes. These four years were like four days for me which completed very fast. But, during these days many memories have been created. Environment of CAET was very nice just like a family. The teachers were like a backbone for me, friends were the reason for my smile and juniors were like younger sibling.

## My Experience about College and "AEAAG"...

**PRATIK NAYI**  
**LMS-UG-2018-0046**  
**Ph.D. Research Scholar (MoE)**  
**Major: Food Science**  
**Department of Tropical Agriculture and**  
**International Cooperation,**  
**National Pingtung University of Science and**  
**Technology, Taiwan.**

Actually, positive feedback is the finest preference to step forward and to accomplish more improvement as much as possible.

"CAET, AAU, GODHRA" can never be explained in some words or in a few lines because our cheerful journey at CAET can't be expressed in a few words. In fact, it could do with many chapters like our Thesis.

So far, my overall experience has been great. The time I spent here will always be an inspiration to my entire life. I feel so lucky to be a part of this college. For the education purpose IITs and CAET, both are totally different but yes I can say that our CAET is not less than any IIT. All the Professors are very cooperative and friendly and are always available at any time students need help. They even go beyond and above after their working hours are over. No one is judgmental, which is itself an awesome thing. The courses taught here are directly related to the work I wanted to do. I've mastered the laws and regulations and the skills that will help me in my future career. The accessible college infrastructure and lab facilities are getting improved day by day. The University has a library with a wide range of books and computers. The atmosphere is very healthy and conducive for the students.

Sometimes I thought that we would stay at a "Hostel or Hotel" just because of the mess of food and the Hostel facility. This credit is going to the Hostel rector for maintenance.

I am thankful for the initiation of an Agricultural Engineering Alumni Association Godhra

(AEAAG) of CAET, AAU, GODHRA. It gives a prospect to be in touch with every alumnus and to support a spirit of commitment and holding up the general interests of every student. It gives immense pleasure to thank the AEAAG as they gave me the opportunity to create their LOGO which was the best moment for me during the first AEAAG organized in 2019.

Lastly, we all are very lucky to have CAET, AAU, GODHRA in our life. "The only way to do great work is to love what you do" as per this line we can say, we love to stay at CAET, GODHRA. It's in our hearts and will remain forever.

## Memories of CAET Godhra

**Kartik Jadav**  
**LMS-UG-2019-0218**  
**M. Tech.**  
**IIT Kharagpur**

College is a crazy time. It's a time to learn, to figure out yourself, to be on your own, and to start to understand life. College is one of the few life-changing moments in life for people. Moving away from home, changing relationships, new environment, and many more. Not all of us know a lot about college life when we start college. I remember when I finished my 12th class in 2015, I could only focus on the fact I was having to move back to my family and I had no idea what I wanted to do. I jumped at the chance of going into B.tech in Agri. Engineering. That sweet relief of Four years to the best stage of life. Initially, it's somewhat hard to get used to the college environment. But as time went by, I really enjoyed campus life. I really enjoyed four experiences on CAET- Godhra campus. There I found my mentor, Friends, seniors and lovely juniors. AEAAG initiated was really good for the upcoming batches related to jobs and annually meet-ups will do conversations with juniors so they can be updated themselves and they have a chance to know what's going all around.

Our batch is in the transit phase because we have seen how the college gets transformed in terms of Academics, Infrastructure, Basic facilities for students etc. I definitely say that no one can forget the mess of our college; Because It not only gave us quality food but also taught us time management. I personally feel that, in college, it's easy to feel part of a community.

I want to share something about sports and cultural activities. When I was in my 1<sup>st</sup> year that time I participated in some sports events and got to know about what the University students are thinking about Godhra. At that time we decided to bring change in the sports image of college at the University level. We worked a lot on that and finally, we achieved, our college became champion in four events i.e Kho-Kho, Badminton and Table Tennis and Athletic. In athletics, we grabbed 7 Gold, 5

Silver and 2 bronze medals. There are lots of memories (from group study to sports) being attached to this college. I really missed that volleyball ground, TT basement, Room 410 and 408 of Dr. APJ Abdul Kalam Hostel.

After I came to IIT, Kharagpur I got to know that there are lots of opportunities apart from my knowledge. No doubt college authorities are working hard. That's why our college and university are continuously improving at the National level. I will suggest developing a culture like a student activity centre, Forming some student operative societies and focusing on the skill development that will be helpful after their graduation.

## A feedback about my college

**Abhi Mistri**  
**LMS-UG-2020-0068**  
**Research Asst. at Conestoga**  
**College for NIR Spectroscopy and**  
**shelf life, Ontario, Canada**

To begin with, this college CAET-AAU-Godhra has given me many opportunities till date to express myself through various activities that the college had conducted and also helped me a lot to enhance my skills further in those areas. As far as my experience is concerned with this college, I always feel proud and privileged that I was a student of CAET-AAU Godhra. Moreover, not only it helped me academically to be good but also it helped me in other areas. I always missed performing dance events on stage, especially due to anchoring responsibility was always with me. Finally, these all things might sound small but these small things build up the courage and would become helpful in future life. I would like to thank each and every person who is associated with this college and doing their best to provide supremely best education as well as other facilities to the students of the college.

Memories & Feedbacks  
of the  
PG Students about  
College and 'AEAAG'

## Feedback about CAET, Godhra

**RANGAPARA DINESH**  
**LMS-PG-2014-0302**  
**Assistant Research Scientist,**  
**KVK, AAU, Arnej.**

I had great journey in CAET, Godhra with M.Phil degree. The professors of the college are very knowledgeable and co-operative in nature. They never said 'NO' for any help and always ready for us. The academic section are too helpful in registration and all that. Before entering in college I felt that how can I survive over Godhra city. It was new for me. But the culture and humanity of college persons. After completion of the degree I satisfied with knowledge given for the college. This knowledge really helped me to crack NET exam as I am thankful to say that I am first assistant professor from first batch of PG programme in my AAU University.

D.J. Pragasam

Batch: 2012-2014

## Feedback about CAET, Godhra

**VIPIN SULE**  
**LMS-PG-2015-0329**  
**Assistant Professor,**  
**Shreemant Shivajiraje College of Horticulture,**  
**Phaltan, Satara, Maharashtra**

As we all know that building our carrier is very important in our life. I believe that I made the right decision by choosing the collage of Agriculture Engineering, AAU, Godhra. I was first student from Maharashtra in post graduation at CAET, Godhra. For me these two years of post graduation had been a roller-coaster ride with a perfect blend of joy and hardship

I am grateful to my guide Dr. B.K. Yadhuvanshi sir and all faculty members from CAET Godhra and PAE, Dahad for their help and support throughout my two years journey during my post graduation and for helping me to become what I am today.

They guided me in every way thaty could. The faculty encouraged me all the time from starting day to the end. I have improved my personal and Professional skills such as self-confidence, strong communication and leadership skills

overall, it was a great experience and lifetime memory over here.  
Thank You...

  
Dr. V. P. Sule.

## Feedback about CAET, Godhra

**NIKHILESH VERMA**  
**LMS-PG-2016-0320**  
**Persuing Ph. D at IGKV, Raipur**

Name - Nikhilesh Kumar Verma  
Batch - M-Tech (2014-15 to 2016-17)

### Feedback

One of the most interesting stages in life that gives you an opportunity to explore is the "college phase". My experience at CAET Godhra has taught me one fundamental thing - life is unpredictable. It might be good, it might be bad, it might be weird, and it might not interest you, but expect anything to happen. It is a perfect blend of joy and hardships. You meet different people, you interact with them, you learn about their cultures and grow as a person.

## Pleasant memories of CAET, Godhra

**CHAVDA SHAKTISINH KANJIBHAI**  
**LMS-PG-2019-0298**  
**Persuing Phd (FMPE) at CAET,**  
**JAU, Junagadh**

“CAET”, that is the name which brings lots of pleasant memories binds us together, right from my joining in this college in Master Degree in 2017. College days are unforgettable and in fact the happiest & fruitful days of life. Life is a journey and college life is the best part of it. There is no fun without challenges, hardship and tough times on the way. Tough time makes one a better person to face the next hurdle achieving the goals. Someday I won and someday I learned. Every mention of the college brings back to my memory the first day in the college, which are still as fresh as if they happened just yesterday. I met different people, interaction with them, learned about their cultures and grow as a person. I can never forget the memories of Annual days, Fresher's party, Farewell party, Sports fest, days celebrations, Agri - Ganesh, hostel, mess, exams, lectures, canteen time, inter collage and inter university tournament, etc. The teachers were like a backbone for me. Friends were the reason for my smile, seniors for their love, guidance, friendship and juniors were like younger siblings. “Being a graduate is not enough to step into the new world. Assess your strengths and keep the avenues for higher studies always open to you”. These lines have always inspired me to do my higher studies. Good infrastructure, like; classrooms, conference halls, computer & laboratories, auditorium, sports and hostel facilities and library are primary requirement for creating excellent education and research environment for building appropriate educational culture and achieving all round excellence. Well, for outstation students, their hostel is supposed to be their home away from home. Hostlers learn about *jugaads*, independent, finance management and many more, but most importantly they learn about life. The Students cooperative Mess: The first thing that comes to mind after hearing the word “hostel” is “the mess”. More than anything, at college life we learn to adjust with anyone and anything. In our Indian Philosophy man is born to repay his debts. The debt is towards the parents, teachers, and God in the form of society who have nurtured us. No institution is made only from bricks and mortars. It is always a living organization and hence requires proper care and nourishment. So we must listen to the call of our CAET Godhra. I sincerely hope that our college will grow & bring many laurels in the time to come. I am proud to be a CAETian. Thanks to all the staff members and friends who are still in touch and long live our friendship!

Mob: 7990461030

Manufacturer of Micro Irrigation Systems with Fully Automatic & Latest Technologies of Israel & American Machines.

AN ISO 9001 & 14001 Company

# About Us

Don't worry  
We are with you.

With

- Intelligence,
- Techniques
- Technologies.

**System Integrator and Service Provider.**

We are expertise in developing the product & system for study of Meteorological – Weather and Climate parameters.

## Measuring Parameter

- **Measure rain, hail and snow:** Tipping bucket Rain Gauge, Radar based Rain sensor, Total Precipitation gauge
- **Wind measurement:** Cup Anemometer, Ultrasonic Anemometer, Thero-Anemometer
- **Solar & Light measurement:** Lux sensor, UV sensor, PAR sensor, Pyranometer, Pyrliometer, Pyrgeometer, Albedometer, Net Radiometer, Sun Tracker.
- **Temperature and humidity measurement:** Air Temperature & Humidity sensor (Indoor/Outdoor)
- **Pressure measurement:** Barometric Pressure, Differential Pressure
- **Air quality** (Indoor & Outdoor) measurement
- **Thermal comfort (WBGT, PMV/PPD):** Instrument to study thermal comfort of plants.
- **Soil Temperature and Moisture measurement**
- **Datalogging system:** Datalogger-multichannel, Wireless datalogging solution. IOT based smart datalogger.
- **Agriculture and Agrometeorology:** Micro-climate monitoring system, Polyhouse weather monitoring system, sensors for plant health and environment monitoring.
